Grievance Policy

In accordance with the college's mission statement, the college will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know these steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in college files for five years in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

1. The student should register the complaint in writing on the designated form provided by the college within 60 days of the date that the act which is subject of the grievance occurred. Grievance forms can be requested from the Instructor at the college and/or the Admissions Office.
2. The compliant form will be given to the school manager.
3. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the college who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the college, an another member who may not be employed by the college or related to the college owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the college's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. College management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.

7. Students must exhaust the college's internal complaint process before submitting the complaint to the college's accrediting agency, if applicable.

Financial Aid Assistance

Missouri College of Cosmetology has been approved to distribute Title IV funds. Aaron Hilburn, Financial Aid Director, is available Monday-Friday, 8:30a.m.-4:30p.m. to answer any financial aid questions.

Title IV funds include:

Federal Pell Grant

-Does not require repayment

Williams D. Ford Direct Loan – Subsidized

-Requires repayment

William D. Ford Direct Loan – Unsubsidized

-Requires repayment

Direct Parent Plus Loan

-Requires repayment

All Title IV funds are awarded based on eligibility. Your eligibility will be determined once you have filled out a Free Application for Federal Student Aid (FAFSA). The application can be filled out at www.fafsa.ed.gov; our school code is **035193**.

Once the application is received by the college, your financial aid award will be presented to you. After you are fully enrolled into either the Cosmetology with Manicuring or Esthetics program, the financial aid director will conduct an entrance interview and inform you of the terms and conditions of your student loans(s). This entrance counseling is required and failure to complete the in-person entrance counseling will prohibit the student from receiving student loans.

Payment plans are available to students. The financial aid director and/or the admissions director will assist students with any information needed.

If the student had previously received Title IV loans, he/she may defer payment on the loans while enrolled at Missouri College of Cosmetology. For assistance in deferring student loans, please contact Aaron Hilburn – Financial Aid Director 417-887-1501.

Students who receive federal financial aid funds have the following rights:

- The right to review their financial aid files and accept or decline their financial aid award.
- The right to know how the financial aid will be distributed.
- The right to know how their financial aid award was determined.
- The right to request an explanation of various programs in their student aid award.
- The right to know the refund policy of Missouri College of Cosmetology.

While receiving financial aid, the student has the following responsibilities:

- Student must be meeting all requirements of Missouri College of Cosmetology's Satisfactory Academic Progress Policy.
- The student must complete all application forms accurately.

- The student must provide correct information. If it is found that a student purposefully provided false information, it could be considered a criminal offense, which could result in indictment under the U.S. Criminal Code.
- The student is responsible for providing all requested documentation to the financial aid office in a timely manner. Failure to do so could result in not receiving financial aid award.
- The student is responsible for reading and understanding all materials he or she is signing and retain copies for their records.

Financial aid will be disbursed on clock hours 451, 900 and 1200 for cosmetology and manicuring students.

Financial aid will be disbursed on clock hour 375 for esthetics students.

The financial aid director will confirm that the student is eligible and is making Satisfactory Academic Progress, before any financial aid will be awarded. Students must also have reached the week requirement before aid will be disbursed.

Upon graduating or withdrawing from Missouri College of Cosmetology, a student who has received student loans must complete an exit counseling interview with the financial aid director. The exit interview must be completed before the student's last day of attendance. During the exit interview, the Financial Aid Director will go over different payment options available for the student.

Treatment of Title IV Aid – Student Withdrawal

Missouri College of Cosmetology will perform a Return to Title IV (R2T4) calculation prior to the institutional refund calculation. If the school must return any Title IV funds on the student's behalf, the student, after performing any Return to Title IV and institutional refund calculations, could owe a balance to the school.

Return of Title IV Funds

The Department of Education specifies how the Missouri College of Cosmetology must determine the amount of the Title IV program assistance that students earn if they withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Loans and Direct PLUS Loans.

Withdrawing from School

1. A student notifies the institution of his/her withdrawal in writing (Official Withdrawal).
2. A student on an approved Leave of Absence notifies the school that he/she will not be returning. The date of withdrawal shall be the last date of attendance.
3. Students not returning from an Authorized Leave of Absence as scheduled will be unofficially withdrawn from school as of the last day of attendance.

4. A student expelled/terminated by the college. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 10 days.)
5. A student cannot miss ten (10) consecutive days in a row. On the tenth day a student's attendance will be unofficially withdrawn.
6. Unofficial withdrawals for clock hours are determined by the college through monitoring clock hour attendance at least every ten days.

Leave of Absence

A Leave of Absence (LOA) due to such things as prolonged illness or accident, death in the family, or other special circumstances, is a temporary interruption in a student's program of study. During a student's training should an illness, injury, or an emergency arise that will cause an interruption of their training, they may, after seeking advice from the instructor, and obtaining permission from a school official/owner, the leave of absence is granted. For the college to grant a request for a leave of absence the college must have reasonable assurance that the student will return from the Leave of Absence. LOA refers to the specific time period during an ongoing program when a student is not in academic attendance. Students must request in advance a Leave of Absence in writing stating the reason for the leave for approval by the school owner or Administrator, and signed by the student prior to the leave, unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a time to recover before returning to the institution, the student would not have been able to request a Leave of Absence in advance. The college may grant the unforeseen leave with documentation of the decision and the request from the student. If approved, the official Leave will extend the contract period by the same number of days designated in the leave document or actually used by the student. In the previous example the beginning date of the approved leave would be determined by the college to be the first date the student was unable to attend because of the accident. An Enrollment Agreement Addendum will be completed and signed by the student and college official upon return from the LOA to extend the contract period and maximum timeframe by the applicable number of days. No re-entry fee will be charged if the student returns to class on or before the first class day scheduled after the termination of the Leave of Absence. The student is not considered to have withdrawn, and no refund calculation is required at that time. This leave of absence should have no effect on the student's attendance rate or academic grade point average. While on leave, the student will not accrue any additional charges or absent hours, therefore not affecting satisfactory progress. The Leave of Absence and any additional approved leaves of absence may not exceed a total of 180 days in any twelve month period. All approved leaves will be scheduled to begin on the first class day after the student's last physical day of attendance prior to beginning the Leave. If a student does not return to the college at the expiration of an approved LOA, the withdrawal date for the purpose of calculating a refund is always the student's last day of attendance.

Process for Post-Withdrawal Disbursements

1. If a student received (or the Missouri College of Cosmetology or a parent received on the student's behalf) less assistance than the amount that they earned, they may be able to receive those additional funds in a Post-Withdrawal Disbursement.
2. If a student does not receive all the funds that they earned, they may be due a post-withdrawal disbursement. If a post-withdrawal disbursement includes loan funds, the college must get the student's authorization before it can disburse them.
3. The college can send notification to students addressing multiple items including:
 - a. Notify borrower about his/her loan repayment obligations.
 - b. Obtain permission to credit loan funds to a student's account to cover unpaid institutional charges.
 - c. Obtain permission to make a post-withdrawal disbursement of grant or loan funds for other than institutional charges.
 - d. Obtain permission to make a post-withdrawal disbursement of loan funds directly to a student.
4. The college will notify the student and/or parent within 30 days of date of determination of any Post-Withdrawal Disbursement. The student and/or parent must respond within 14 days of acceptance or denial of disbursement or a portion of the disbursement. The deadline for response applies to both confirmation of loan disbursements to the student's account and direct disbursements of a post-withdrawal disbursement.
5. If response is received in a timely manner, the disbursement will be made. If response is late, the college may or may not disburse. If the college chooses not to disburse, they will notify the student and/or parent in writing of outcome. If the student does not respond, no disbursement can be made.
6. Students may choose to decline some or all of the loan funds so that they do not incur additional debt.
7. The college may without authorization from the student and/or parent use all or a portion of the student's post-withdrawal disbursement of grant funds for tuition and fees owed to the college.
8. There are some Title IV funds that a student may be scheduled to receive that cannot be disbursed to them once they have withdrawn from school because of other eligibility requirements, such as Satisfactory Academic Progress.

Calculation of Title IV Aid Earned

1. Title IV Financial Aid funds are posted to a student's account at the start of each pay period. Students earn the funds as they complete the actual clock hours for that period. If a student withdraws from school during a payment period, the amount of Title IV program assistance that they have earned up to that point is determined by a specific formula.
2. The amount of assistance that a student has earned is determined on a pro rata basis. Once a student has completed more than 60% of the scheduled hours in the payment period, they earn all the assistance that they were scheduled to receive for that period.
 - a. Example: If a student completed 30% of the scheduled hours of their payment period, they earn 30% of the assistance they were originally scheduled to receive.

1. Returning Title IV Aid

If the student receives more federal student aid than the amount earned, the college, the student or both must return the unearned funds in the specified order (see C for order of return). The amount of federal student aid to be returned is determined by subtracting the amount of earned Title IV aid from the amount of Title IV aid that was actually disbursed to the student.

2. Aid Due from the College

- a. The college is not required to actually return its share before the student. Rather it is the Return calculation of the amount of assistance the college is responsible for returning to the Title IV accounts that must be calculated first. Thus, the student's repayment obligation is determined after the college's share is calculated.
- b. The school must return the lesser of:
 - i. The amount of Title IV funds that the student does not earn; or
 - ii. The amount of institutional charges that the student incurred for the payment period or period of enrollment multiplied by the percentage of funds that was not earned.
 - iii. The percentage not earned is determined by subtracting the percentage of Title IV aid earned from 100%.
 - iv. The college must return unearned funds for which it is responsible as soon as possible but no later than 45 days from the determination of a student's withdrawal.

If the college is not required to return all of the excess grant funds, the student must return the remaining amount within 30 days of notification or make repayment arrangements with the college. The college must return Title IV funds to the programs from which the student received aid during the payment period or period of enrollment, in the following order, up to the net amount disbursed from each source:

- c. Unsubsidized Direct Loans (other than Direct PLUS Loans)
- d. Subsidized Direct Loans
- e. Direct PLUS Loans
- f. Federal Pell Grants for which a return is required
- g. Iraq and Afghanistan Service Grant

3. Aid Due from Student

- a. A student is responsible for all unearned Title IV program assistance that the college is not required to return. The initial amount of unearned federal student aid due from the student (or parent, for Direct PLUS loan funds) is determined by subtracting the amount returned by the college from the total amount of unearned Title IV funds to be returned. This is called the initial amount due from the student because a student does not have to return the full amount of any grant repayment due. Therefore, the student may not have to return the full initial amount due.

- b. Any loan funds that the student must return, they (or the students' parents for a Direct PLUS loan) repay in accordance with the terms of the Master Promissory Note. That is, they make scheduled payments to the holder of the loan over a period of time at the end of the grace period.
 - c. Regulations limit the amount a student must repay to the amount by which the original overpayment amount exceeds 50% of the total grant funds disbursed or could have been disbursed by the student for the payment period.
 - d. The initial amount of unearned Title IV grant aid due from the student is found by subtracting the loans to be repaid by the student from the initial amount of unearned aid due from the student.
 - e. Any amount of unearned Pell Grant funds that a student must return is called an overpayment. The amount of grant overpayment due from a student is limited to the amount by which the original grant overpayment exceeds half of the total Title IV grant funds disbursed and could have been disbursed to the overpayment is \$50.00 or less. The college will notify the student within 30 days of withdrawal of overpayment.
 - f. Grant overpayments may be resolved through:
 - Full and immediate repayment to the school.
 - Overpayment collection procedures negotiated with Debt Resolution Services.
 - g. Students who owe overpayments as a result of withdrawals initially will retain their eligibility for Title IV funds for a maximum of 45 days from the earlier of:
 1. The date the college sends the student notice of overpayment.
 2. The date the college was required to notify the student of the overpayment.
 - h. Within 30 days of determining that a student who withdrew must repay all of a Title IV grant, a college must notify the student that he/she must repay the overpayment or make satisfactory arrangements to repay it. The college must inform the student of the following items in its notifications:
 - i. The student owes an overpayment of Title IV funds.
 - j. The student eligibility for additional Title IV funds will end if the student fails to take positive action by the 45th day following the date the college sent or was required to send notification to the student.
 - k. There are two actions a student can take to extend his/her eligibility for Title IV funds beyond 45 days:
 - i. The student may repay the overpayment in full to the college.
 - ii. The student may sign a repayment agreement with the Department of Education.
 - m. If the student fails to take one of the above listed actions during the 45-day period, the student's overpayment immediately must be reported to the NSLDS and referred to the Debt Resolution Services for collection.
 - n. The student should contact the college to discuss his/her options.
- If at any time, a student who previously negotiated a repayment arrangement fails to comply with the terms of his/her agreement to repay, that student immediately becomes ineligible for additional Title IV funds. All students will receive a copy of the College Catalog, which includes the Return to Title IV procedures prior to enrollment.

Examples

Title IV Refunds

1. A student is scheduled for 225 clock hours for this pay period, which is 50% of the 450-hour published length of a pay period. If the student were to withdraw at this point, the college will refund 50% of any Title IV funds received.
2. A student is scheduled for 271 clock hours for this pay period, which is 60.2% of the 450-hour published length of a pay period. If the student were to withdraw at this point, the school will not be required to refund any Title IV funds received.
3. Institutional Refunds
4. A student is scheduled for 450 clock hours of the cosmetology with manicuring course, for the institutional refund, the college will take 450 hours divided by 1500 clock hours to give us the percentage owed. On this calculation the student will owe 30% of the tuition and any additional fees.

Cancellation and Refund Policy

If a student has terminated or withdrawn, they can re-enroll with the college in accordance with the re-enrollment procedures set forth by the college, provided the student is in compliance with all college rules, regulations, classroom assignments and the satisfactory progress policy. The student will pay for only the hours needed to complete the 1500 clock hours for Cosmetology with Manicuring, 750 clock hours for Esthetics, 400 clock hours for Manicuring, or the 600 clock hours for Cosmetology/Barber/Nail Instructor. Tuition is subject to change, and prospective students should contact the Admissions Office for current information.

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal.

Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the college. The applicant shall be entitled to a refund of all monies paid.
2. A student (or legal guardian) cancels his/her contract in writing within three business days of signing the Enrollment Agreement. In this case all monies collected by the college shall be refunded, regardless of whether or not the student has actually started classes.
3. A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the college less the registration fee in the amount of \$100.
4. A student notifies the college of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the college that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the college that the student will not be returning.
6. A student is expelled/dismissed by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 10 days.)
7. In type 2, 3, 4, or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.

Extra Instructional Charges

Each course/program has been scheduled for completion within an allotted time frame. A grace period of approximately ten percent has been added to the calculated completion date for each program. It is not realistic to expect to receive an education for free. The college has reserved space, equipment and licensed instructors for each student and course/program. If a student does not graduate within the contract period, additional training will be billed at the rate of \$3.50 per hour for the first month, and then the rate will increase to \$6.00 per hour for the remainder of clock hours.

Satisfactory Academic Progress Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at this institution. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology with Manicuring: Evaluations will be performed the first Monday of every month.

Esthetics: Evaluations will be performed the first Monday of every month.

Cosmetology/Barber /Nail Instructor: Evaluations will be performed the first Monday of every month.

Manicuring: Evaluations will be performed the first Monday of every month.

***Transfer Students:** Evaluations will be performed the first Monday of every month.

Evaluations will determine if the student has met the minimum requirements for requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Students will receive a copy of their monthly evaluations.

Attendance Progress Evaluation

Students are required to attend a minimum of 66.67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted the first Monday of every month to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the college will determine if the student has maintained at least 66.67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Attendance Specifics

Each days attendance, including tardies, early time-outs, and absences will be the factors evaluated.

1. Students must maintain a 66.67% attendance average to be considered making Satisfactory Progress at each checkpoint.
2. Students who miss 10 consecutive days will be dismissed from school.
3. All absences are considered unexcused unless a student is on an official Leave of Absence.
4. There is no penalty for tardies or early timeouts as long as the student is meeting the minimum attendance requirements at each evaluation.
5. Student's actual time is tracked individually using metered time cards and will be calculated on actual hours to the nearest 1/100th hour.
6. Students that are not clocked in by 9:45 a.m.(Cosmetology with Manicuring, Cosmetology/Barber/Nail Instructor, Manicuring), 10:15 a.m.(Esthetics) will not be allowed to clock in for training.
7. Students must speak to an instructor personally about being tardy for school, and they must have documentation showing proof of reason. If a student does not have documentation or their information cannot be verified, they will not be allowed to clock in for that day.

Maximum Time Frame

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Course	Maximum Time Allowed	
	Weeks	Scheduled Hours
Cosmetology with Manicuring Full Time, 35hrs/wk. – 1500 hours	64 weeks	2250
Esthetics Full Time, 25hrs/wk. – 750 hours	45 weeks	1125
Cosmetology/Barber/Nail Instructor Full Time, 35 hrs./wk.-600 hours	25 weeks	900
Manicuring Full Time, 35 hrs. /wk. – 400 hours	17 weeks	600

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 66.67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the college on a cash pay basis only if student is making satisfactory academic progress.

Academic Progress Evaluations

The qualitative element used on a monthly basis to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the college. Students must maintain at least an 80% combined cumulative average on their written or practical test grade and pass a FINAL written and practical exam prior to graduation. Student assignment, homework, and make-up work is stated in the college's Assignment/Homework/Makeup Policy. Numerical grades are considered according to the following scale:

Percentage	Rating Code
100-95%	Superior
94-90%	Excellent
89-85%	Good
84-80%	Average
Below 80%	Unsatisfactory

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination (PE) at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning until the next evaluation period, and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the academic and attendance requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress during the probationary period; if:

1. The student appeals the decision, and prevails upon appeal.
2. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation.
3. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period.
4. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress.
5. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation.

If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and will be terminated from the college.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a Leave of Absence will extend the student's contract period and maximum time frame by the same number of days taken in the Leave of Absence and will not be included in the student's cumulative attendance percentage calculation.

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same Satisfactory Academic Progress status as at the time of withdrawal.

Re-Entry student's will be charged a re-enrollment fee of \$100.00 and must re-start with twelve (12) months from the date of last attendance in order to receive full credit for monies previously paid.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the college's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Special Requirements

State funded financial aid programs have Satisfactory Progress policies that must be maintained in addition to the above stated. If students are receiving funds from these sources, the individual agency funding the student will inform him/her of those requirements.

Disclosure of Campus Security Policy and Campus Crime Statistics and Fire Safety Report

On November 8, 1990, President Bush signed the Student Right to Know and Campus Security Act of 1990.

“The Act applies to every institution of high education that receives federal financial aid. Title II of the Act was called the “Campus Crime Awareness and Campus Security Act of 1990”. It requires institutions of higher education to distribute to all current students and employees, and applicants for enrollment or employment, two types of information: (1) Descriptions of policies related to campus security, and (2) Statistics concerning specific types of crimes. Amendments enacted in 1998 renames Title II, and it is now known as the “Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act.” The amendments require the disclosure of crimes that are reported to police and campus officials other than police, along with a breakdown of locations of criminal activity to be specified as on-campus, non-campus, residence hall or public property. Missouri College of Cosmetology owners and personnel are concerned for your safety as well you must be. We work diligently to make our campus a safe environment by preventing crime, fire, accidents and illnesses. We need your assistance in helping us make our campus safe. This report contains valuable information about how you can help us keep you safe on and off MCOG campus. Please particular attention to all safety tips. By doing so, the chances that you will be the victim of a crime, become injured or lose valuables will be greatly reduced.

(911 will be dialed) An announcement will be made to the campus community from the owners/and or the Campus manager and an announcement in writing will be posted in the student classroom. Additional community crime alerts can be seen on www.ci.springfield.mo.us/spd/ under new releases. “Timely Warnings” are designed to educate the community in a timely manner regarding criminal activity.

Depending on the particular circumstances of the crime, especially in situations posing immediate threat to the community and individuals, the Springfield Police Department may also post a notice on the Springfield Police Department website, providing the community with more immediate notification.

Prospective students are provided with a college catalog which includes a letter of referral to this website. New students receive notification and indicate acknowledgement as part of their orientation packet. All current students are again notified by letter in September/October of the availability of the Campus Crime Report.

Faculty and staff receive similar notification with their paycheck.

Documentation for these procedures is kept in a secure file in the corporate offices. The policy and procedures for Annual Security Report was updated September 2021.

To Report a Crime

Contact the Senior Manager on duty or any other instructor on duty if you have witnessed a crime. They will report to the MCOC owners who in turn will investigate the incident and report it to the local police department. The owners will write and keep on file an incident report for any such events.

All reports will be investigated. MCOC does not employ pastoral or professional counselors to aid in the need for discretion in reporting crimes voluntarily and confidentially. However, we do supply names and numbers of different organizations that would help in this area. These are posted in the restrooms in order for students to feel comfortable copying these numbers in total privacy.

Security and Access Policy Statement

Reporting Response to Sexual Assault and Guidelines-Assistance

Confidential information regarding sex offenses is available upon request from the owners/Director of Operations office. Any student who is a victim of sexual assault is encouraged to do the following:

1. If the sexual assault occurred on school grounds, report it to the Director of Operations and/or instructor on duty immediately.
2. Call 911 and report it to the police. At the student's request, the school will assist the student in notifying the proper authorities.

possible evidence.

(*It is your right to this medical attention even if you do not wish to report the assault. Missouri Law mandates that hospitals contact law enforcement once the victim is there. This does not mean the victim is obligated to make a crime report. Information on the reporting policies of most Springfield and Greene County Hospitals can be obtained from the Springfield Police Department.)

Reporting to the Springfield Police Department

Reasons for reporting to the Police Department are:

1. To take action, which may prevent further victimization, including issuing a “Timely Warning” warning to the campus community of an impending threat to their safety.
2. To apprehend the assailant.
3. To seek justice for the wrong that has been done to you.
4. To have the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

When you report an incident to the Springfield Police, an officer will take a statement from you. The officer will ask you to describe the assailant(s) and may ask questions about the scene of the crime, any witnesses and what happened before and after the incident.

Missouri College of Cosmetology will make every effort to accommodate the needs of a student victim of sexual assault who requires a change in their academic situation. Such requirements will be assessed on a case- by-case basis upon student request.

A student found guilty by a court of law of a sexual offense on school grounds will be immediately terminated from enrollment. In the event that the school holds a disciplinary proceeding in cases of alleged sexual assault where no criminal charges have been made to law enforcement authorities, the accused and the accuser are entitled to the same opportunity to have others present at the proceeding, and both the accused and the accuser shall be informed of the outcome of such a proceeding.

Report to ED via the Web-based Collection

The Missouri College of Cosmetology owners and/or Financial Aid Director are responsible for reporting the schools crime statistics to the Department of Education at, www.surveys.ope.ed.gov/security. This is performed annually and is posted in September/October.

Documentation of the publishing of the Annual Security Report is kept in a secure file in the corporate offices. The Annual Security Report was last updated in September of 2021.

Missing Student Notification Procedures

Missouri College of Cosmetology does not have student housing on any of their campuses so therefore are not required to have a missing student notification procedure. However, the State Board of Cosmetology and Barbering has a 10-day absentee policy where a student is automatically dropped from the program if they have not contacted the college. Out of concern for our students the instructor will usually call the student to check on them. Fellow students who are close to that student usually have contact with them and try to contact them as well. Most times a student makes contact with one of the above in a timely fashion; therefore, it is very rare that a student actually technically “goes missing”.
